Section 6 — Disclosure of interest and capacity

The financial advisor will or may recommend that Client purchase or sell investments and enter into other financial transactions. Client will have no obligation hereunder or otherwise to follow any such recommendations. If the Client does enter into one or more transaction(s) recommended by financial advisor, then, in addition to the compensation provided for above, financial advisor will receive a commission or other financial benefit as a consequence of the transaction.

No assignment of the Agreement by the Company will be effective without Client's consent.

After looking at all of Client's financial data, the financial advisor may find it necessary to recommend further assessment in a specific area that has not already been designated. If Client agrees, Client will be asked to sign a new Agreement and pay the additional fee. Under those circumstances this Agreement will be null and void.

Client's service will address Client's financial concerns based on Client's current financial situation and Client's future needs and objectives. The service will be based on the personal financial information that Client provides to the financial advisor. It also will be based on assumptions that Client selects and certain other planning assumptions determined by the Company. For the service, the overall rate of return used in determining net worth and cash flow beyond the current year will be calculated based on Client's risk tolerance toward achieving each goal selected, Client's assumed average tax rates and global inflation rates specific to each goal that Client selects.

Client recognizes that the value and usefulness of the Financial Advisory Service will be dependent upon information that he/she provides and upon his/her active participation in the formulation of financial planning objectives and in the implementation of plans to attain those objectives. If required, Client will be asked to complete a detailed questionnaire provided by the financial advisor. Client will also provide copies of financial documents as the financial advisor may reasonably request in order to permit complete evaluation and preparation of recommendations for Client.

Client agrees to discuss his/her requirements, objectives and projected future needs candidly with the financial advisor and to promptly inform financial advisor of material changes in circumstances, needs, objectives and other information Client previously provided to the financial advisor. Client further agrees that neither the financial advisor nor the Company shall have any liability for Client's failure to promptly inform the financial advisor of material changes in Client's financial circumstances that may affect the manner in which Client's assets are allocated. The financial advisor shall have no obligation to make any recommendation or give any financial advice to Client that, in the sole judgment of the financial advisor, would be impracticable, unsuitable, unattainable or undesirable. It is understood that the financial advisor provides financial services of the type contemplated hereunder, as well as other financial services for a number of clients.

Concurrently with receipt by Client of the agreed upon services, Client may receive, without charge, if previously requested, a life insurance analysis provided by a licensed life and disability agent. The financial advisor will receive no compensation on account of any life insurance analysis and/or recommendations provided to Client, but may receive compensation for insurance products actually purchased. The Company does not provide insurance consulting, legal advice or document preparation as part of this service. The Company does not monitor the day-to-day performance of the Client's specific investments.

Section 6 — Disclosure of interest and capacity (continued)

Company is required by law to obtain certain personal information from Client which will be used by Company to verify Client's identity. If Client does not provide the required information to Company, Company may be unable to open Client's account. If Company is unable to verify Client's identity, Company reserves the right to close Client's account or take such other steps as Company deems reasonable.

Retirement Accounts

Client agrees that neither the financial advisor nor the Company is acting as a fiduciary within the meaning of the Employee Retirement Income Security Act of 1974 (ERISA) or Internal Revenue Code of 1986, including with respect to asset allocation services provided Client, and that financial advisor and the Company are not providing investment advice for a fee that will be the primary basis for Client's investment decisions on IRA, TSA, government plan or ERISA (e.g., 401(k)) assets. To the extent an asset allocation service identifies any specific investment alternative, Client understands that other investment alternatives having similar risk and return characteristics may be available, and that Client's plan sponsor, for government or ERISA plans, or the financial advisor can assist Client in obtaining information on other potential investment alternatives.

Section 7 — Arbitration

Any controversy or claim arising out of or relating to this contract or the breach thereof, shall be settled solely by arbitration in accordance with the Rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Unless otherwise agreed to by all of the parties to the arbitration (including without limitation the Company and the Client), the American Arbitration Association shall be the sole venue for resolving claims arising out of or relating to this Agreement, and all of the parties to the arbitration (including without limitation the Company and the Client), irrevocably waive trial by jury in any action, proceeding or counterclaim, whether at law or in equity. This paragraph does not constitute a waiver of any right of private claim or cause of action provided by the Investment Advisers Act of 1940.

If either Client or Company, its employees or independent contractors elects to resolve a claim by arbitration, that claim shall be arbitrated on an individual basis. *There shall be no right or authority for any claims to be arbitrated on a class action basis or bases involving claims brought in a purported representative capacity on behalf of the general public, clients or other persons similarly situated.* The arbitrator's authority to resolve claims is limited to claims between the parties to the arbitration, (including the Client and the Company) alone, and the arbitrator's authority to make awards is limited to the parties to the arbitration (including to the Client and the Company) alone. Furthermore, claims brought by Client against Company, its employees or independent contractors, or by Company against Client, may not be joined or consolidated in arbitration with claims brought by or against someone other than Client, unless agreed to in writing by both Client and Company, its employees or independent contractors.
